activity](#)

## Additional online learning

Time to complete your daily doodle tasks.

**Click on the icon links below** to take you to the log on pages:

## Daily exercise

Remember to do some daily exercise at a convenient time. Here are some suitable links.

[Andy's wild workouts](#)

[GoNoodle](#)

Well done for your hard work! See you tomorrow!

## **A FEW EXTRAS...**

### **Computing**

We have been writing lots of instructions for the snail to reach the whale in our computing lessons. There is a great app which you might want to download called Code-a-Pillar (Fisher Price)(I believe it is available for android as well as Apple users). It will help to reinforce the skills we have been learning in our lessons and might be a five minute 'fill in' for the holidays. Don't feel you have to as the children have already had lots of screen time.

Miss Woolley

### **Junk Modelling**

After half term we will be doing some junk modelling both in school and at home. Please start to collect some materials and containers such as foil, fabric, cardboard, wool, cereal boxes, snack boxes, cardboard tubes, plastic tubs/pots or anything else which you think would be useful for using to create a model. We will let you know more about this in the first week back after the holiday.

### **Another request**

We are planning a DT project for later in the term (fingers crossed we are back in school by then). For this project the children will ideally need a shoebox with a lid. If you do not have a shoebox then another box of a similar size will be suitable. We will remind you about this nearer the time (mid-end of March).

We look forward to doing these exciting projects with the children. Any questions, please don't hesitate to contact one of the Y1 team. 😊
