

Summer Two – A race around the world

Exciting Events:

- Bikeability will run for a week this term – they will learn to ride their bike on the road safely.
- Sports Day • Summer Concert
- SkillZone Trip • French Café
- Visit to Cleeve School and more.

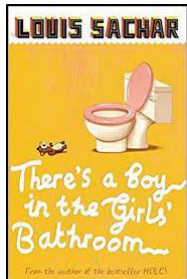

English

We will be learning to ([click here](#))

- Continuing our knowledge of parenthesis
- Punctuate their speech correctly
- Use colons and semi colons to create lists and complex lists.

We will be writing a discussion text debating the fate of the protagonist of our story...
The book is 'There's a Boy in the Girls' Bathroom'.

We start by looking at where America is, the range of time zones and the range of states found in the U.S.A. We will look at the huge range of physical features and the human features across the states. [Click for more.](#)

Geography

Year 5 Summer Term Two Overview

We are continuing this half term with race around the world. We now focus on the U.S.A. Our children will be learning about different states, comparing their human and physical similarities and differences. Learning from across the whole curriculum will link to our main theme.

Mathematics

We move on from fractions to properties of shapes, focusing on angles. We will revise the different types, measure them and practise drawing our own. [Click here](#) for more. We will finish by looking at graphs and tables – analysing and comparing data.

Personal development

Relationships and Sex
Education

We will be learning about physical changes that take place during puberty and why they happen. We will also be learning about personal hygiene.

Computing

It's very exciting this term as we get to use the Spheros which are controlled via our iPads. Pupils will eventually be able to tell the Sphero how to move at different speeds, change direction, and animate their LEDs.

Music

Musical Theatre.
Children learn how singing, acting and dancing combine to create an overall performance.

Art

For the summer, they will be learning to screen print and will decorate a t-shirt with a rainforest inspired design. [Click here](#) for more details.

French

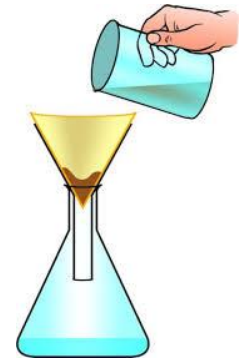

Throughout the Summer term the children will be learning how to get by in a cafe. They get to practice this when they create a café in school.

[Click here](#) for further information.

Science

We will look at Properties and Changes of Materials this term.

We will learn what a mixture is and investigate different methods of separating mixtures, such as: filtering, sieving, and evaporating.

Religious Education

Why are some places in the world significant to believers? Using maps, pictures and texts, children investigate why some places are significant to some religions.

Physical Education

We are learning athletics, tennis and cricket this half term. The key objectives can be found in our curriculum document.
