

Class, Teacher & Teaching Assistant Organisation September 2026

While the staffing structure below now includes our wonderful Teaching Assistants, we would like to remind parents that Teaching Assistants support children across the whole school. For the most part they will be supporting the year groups below however there will be times when they are working with other children or supporting learning in different areas of the school. This flexible approach helps us ensure that all children receive the support they need, when they need it.

Next Year class /Yr Gr	Teacher	Teaching Assistant Team
